

### New Multi-Purpose Building Opened

A new Multi-Purpose Building at an existing school just north of the capital has been completed this year. Already enrolments have more than doubled and we hope to double the number again before the end of the year. We have been able to provide all the students in this area with school uniforms as many are not able to afford them. This new building will provide education for the children of people moving into the area in search of work in the textile factories.

Caleb Catch-Up

The students' new uniforms

### Industrial Sewing Machine

We have purchased an industrial grade sewing machine to enable the training of people in one of our congregations to give them the skills to gain employment in the local factories.

Supporting. Resourcing. Empowering.

## Easter Community Service

At 6am on Easter Sunday, a regular working day, over 2,000 of the local community from all walks of life attended a thanksgiving service run by the combined churches in the Capital.

It was so encouraging to see so many come to hear about the meaning of Easter, many for the first time. We are very thankful to the many government officials and police that enabled the service to take place and supported it by their attendance which meant it was a joyful and peaceful celebration.

## Up and running with Solar

In a remote rural community where there is no electricity we are up and running with Solar power in the multi-purpose building. What a game changer this is in the life of any community. Things we just take for granted!!!!

## Praise and Request

- Praise for the dedication of the pastors
- Thanks for continued stability of the nation
- Thanks for financial provision for the 1<sup>st</sup> half of 2018
- Thanks for the recently completed school building
- For the safety of the pastors and their families
- For protection when travelling by road
- For all the children we support in education and at the orphanage.
- For continued financial support in 2018

At your service...
